- Susan Van Vleet Consultants, Inc.® begins the New Year as a registered trademark.

The little ® is the indication that we are now trademarked and all of our courses fall under that trademark umbrella. You will be seeing it on all of our publications as well our forms. If you have any questions about our trademark, please contact us; we'd be happy to answer them.

- Susan's article "Holiday Tips for Dealing With The Family" was published in the December issue of Colorado Woman News, now a web-based magazine at www.coloradowoman.com. This magazine covers all the issues important to women in Colorado as well as the world. It is one of the sources we use to update us on all current issues, studies and information regarding women.

Susan and John Celebrate Their Silver Anniversary

25 years ago on February 10th, John and Susan were married on Lookout Mountain in Golden, Colorado. 2 children and 25 years later they have done what they set out to do: have a successful marriage that supports, loves and nurtures each other, as well as a relationship that contributes to the well being of others in the world. It wasn't an easy 25 years, lots happened that could have been used as an excuse, but the commitment they made 25 years ago to each other to make a difference out of their relationship has kept it together 25 years and we hope much, much longer.

Susan and John will be gone on a second honeymoon from February 6 – 17th.

Get the Newsletter Via E-Mail

If you would prefer to have our newsletter sent to you via e-mail, rather than mailed to you, just email us at svvconsult@aol.com and let us know your email address and request. Please make sure the subject line of your email reads, "Change to E-Mail Newsletter". It will take 2-4 weeks to make all the changes in our system, so the sooner we hear from you, the sooner we can e-mail the newsletter to you.

By the way, our newsletters are now archived on our website, svanvleetconsult.com.

WORKSHOPS AT YOUR COMPANY

If you want us to come to you and do one of our workshops just for your company, let us know. We refer to these workshops as "In-House" because they are for one company, at the company location. The costs are less for In-House workshops of 10 or more people since you have no travel expenses for your attendees, only our trainer's travel expenses and the flat, per workshop fee. To arrange for this option or to discuss the possibility contact Susan or John at the office.

WE Recommend..

The Human Stain – This movie expresses what life becomes when you pretend to be something you're not and the cost to everyone around you.

In America – A wonderful story about what it's like to be immigrants in the U.S. and what one family does to complete their experience of a tragedy and to reach out to people from different backgrounds.
